

medPhoton is one of the most innovative companies in Salzburg. Our medical imaging solutions and products stand for the highest quality and are available at medical facilities worldwide. We develop cutting edge medical devices and corresponding software, on our Salzburg premises.

Our Product Management team is seeking for a motivated

PRODUCT MANAGER X-RAY IMAGING (M/F/D)

TO BE A FULLTIME MEMBER OF OUR TEAM

As a professional information communicator, you will be responsible for the following tasks:

- Market analysis: Collect relevant market and business data and consolidate this within business plan
- Marketing plans: develop product marketing plans
- Develop and propose detailed product definition concepts
- Product portfolio management: Monitor success of product portfolio and update business plan accordingly; develop business plans for new product/project ideas that reflect economic, technical and clinical feasibility for the initiation and evaluation of new projects;
- Product knowledge transfer: Initiate and monitor product knowledge transfer to regions
- Partner management: Manage cooperations with partner companies on strategic level. Work with regional Marketing Managers/Directors to adapt Partner Strategy in all regional markets
- Collaboration within the company to develop and improve high technological medical devices for radiotherapy and surgery.

YOUR ATTRIBUTES:

- Passion for innovative products and the introduction of new technologies into the market
- University degree and at least 5 years professional experience, preferably in c-arm or angiographic system sales or product management
- Good technical skills and ability to interact with engineering staff on details as well as with sales/customers/partner company on product benefits and clinical workflows
- Some medical background to understand and analyze clinical needs with respect to x-ray imaging is a plus
- Excellent communication and oral presentation skills
- Ability to lead, manage and motivate cross-functional teams
- Effective written and oral communication skills in German and English
- Willingness to travel 10% of the time

WHAT WE OFFER YOU!

- **A motivating work atmosphere in a young, dynamic team which helps and supports each other**
- **An exciting and varied scope of assignments in an excellent work environment**
- **The opportunity to grow with us, be directly involved and participate in our company's success**
- **Seeing your work making a positive impact on the daily work of clinicians around the world**
- **Generous social benefits within our culturally diverse enterprise**
- **Freshly-cooked meals and healthy snacks provided daily**
- **Comprehensive training and continuing education opportunities**
- **As a family-friendly company, we are happy to support you in your daily obligations (childcare, etc.) by means of flexible working hours.**

The actual salary will be negotiated and decided based upon the individual's demonstrated qualifications, skills, and experience. According to the Austrian "Kollektivvertrag für Angestellte im metallverarbeitenden Gewerbe", the salary classification for this position is committed with "Verwendungsgruppe 3".
